Infant Is Fatally Injured In Auto Crash Near Here

En Route to Hawthorne To Visit Family on Holiday

Tragedy struck the Daniel Piearcy family of Chualar at 7:00 o'clock Saturday morning when their 16-months old daughter, Beverly Ann, was fatally injured in an automobile accident at the Flycasters Curve, four and a half miles east of here.

The mother, Mrs. Lorene Piearcy, 26, was seriously injured and the father and driver suffered head and shoulder injuries when the car skidded on the frosty pavement and was wrecked in the rocks beside the highway. Their five year old son, Samuel, was not injured.

The baby, riding in the front seat of the car with her parents, was apparently thrown out of the car as it overturned and suffered head and back injuries which caused her death early Saturday in a Reno hospital where she was rushed by the Truckee ambulance.

State Patrolmen William Gautsche and T. F. Sheehan made the investigation. It was at first believed a tire blew out on the curve but investigation showed the machine skidded and went out of control.

The family was en route to Hawthorne from their home near Salinas and planned to spend Christmas with Mrs. Piearcy's family. Packages of Christmas gifts were strewn about to give mute evidence of the only major traffic accident in this area during the holiday weekend.

LEGION TEAM VICTOR OVER SPARKS M MEN

The Truckee American Legion basketball team racked up its fourth win in five starts by beating the Sparks M Men here Saturday night 41 to 38. The M Men have the only win over the locals, beating them in the opener 44 to 31.

Manager John Rau says there is a game scheduled here for the night of January 3 against Readimix of Reno and that Jim Flynn, a standout player of last season, will be back in a Truckee uniform that night with his teammates.

Patrol Office Here Will Issue Licenses

The Truckee office of the California Highway Patrol will issue new automobile, truck and trailer plates when the registration renewal period starts January 2. Car owners are requested to bring their potential registration slips to the office when applying.

During the renewal period no driver's licenses will be issued at the local office.

East Bay Woman Is Injured in Accident

Mrs. Laura Gibson, 67, Oakland, suffered minor injuries on Saturday when a car driven by Samuel S. Gibson, 41, skidded and overturned on the highway at the Flycasters Curve. The driver was cited by State Patrolman William Gautsche for driving without due caution.

Dolley Assists Stork In Close Race To Reno

N. F. Dolley's ability as a law enforcement officer, fire chief and ambulance operator are well known here but his prowess as an assistant to the stork were in doubt until Friday evening.

It all happened when the Truckee ambulance was called to take Mrs. Weldon J. Hudson to a Reno hospital and Dolley, with Erving Waters driving, started out about 8 p.m.

As the ambulance neared Mystic, 17 miles east of here, Mrs. Hudson informed Dolley that her baby was born. Dolley got into the rear of the ambulance, sized up the situation and confirmed the mother's report. He wrapped the 3 pound, 3 ounce baby son in a warmed towel, called to Waters to "get going" and a few minutes later turned the mother and her son, Weldon Loyal Hudson, over to the hospital attaches in excellent condition.

The baby, three months ahead of his schedule, was reported doing nicely in the hospital incubator and Mrs. Hudson has returned home.

BANK UPS RATE OF INTEREST ON SAVING DEPOSITS

Intention on the part of directors and management of Bank of America to pay a substantially increased rate of savings interest next year was announced today by L. M. Giannini, president.

Under the new schedule it is contemplated that a rate of two per cent per annum, compounded semi-annually, will be earned by savings deposits in all individual pass book accounts in the Bank of America starting January 1, 1951, compared with the rate of 1½ per cent which applied during past years.

Giannini stated that this course was not only a reward for thrift but also in line with the bank's established policy to pass along to depositors, stockholders and employees the benefits of continuing satisfactory operations.

During 1950, he said, employees received a general increase in salaries plus an additional approximately 1½ months salary to participating employees by way of profit sharing bonus and dividends to stockholders increased 20 per cent. In addition to being the world's greatest non-government bank, he pointed out, Bank of America is the largest savings bank and as such, so long as it is possible to do so, it seems appropriate to pay a rate as high as that paid by many of the large savings banks of the nation.

Work Going Ahead On Local Hospital

Local School Is One Of Few In National Tests

The Tahoe-Truckee High School has been selected as one of the few high schools in the nation to assist in the standardization of tests for plane geometry and critical thinking.

The plane geometry tests will be given some time during January to the students now taking this course in the high school. The critical thinking tests will be given to grades 11 and 12. Terman-McNemar test of mental ability will be administered to all students taking both tests. The tests are to be published by the World Book Company.

Tests are standardized by administering the tests to students in high schools that have been selected in cooperation with the state department of education and state colleges.

The faculty of the local high school and the administration of the district, as well as the governing board of the district, feel signally honored to be requested to assist in the standardization of tests of this type.

FIRST MAJOR SKI ACCIDENT IS REPORTED

As a result of the first major skiing accident in this area for the season, Cliff Hendrix, 27, San Francisco brokerage employee, may lose his left leg.

Owners of pets are warned to keep a sharp watch on their animals following a report of dog poisoning in town. At least two and perhaps several more family pets have been brutally killed by poison which causes the animals horrible agony and a lingering death. Naturally, the poisoner is not known. The type of person who stoops so low wouldn't care to have himself identified and the best guard against him is to keep pets secure. Perhaps there are too many dogs in Truckee, but there are proper means of elimination, if that method is desired, and most assuredly a slow, torturing poison is not the humane way.

Roads are very likely to be slippery and dangerous over the New Year weekend. This fact added to the usual hazards of careless driving should be a warning to motorists to take it easy if they plan to travel. Above all else don't drive if you are drinking and don't drink if you are driving. It only takes a second for a modern car to cause a lifetime of regrets.

The Sierra Sun family joins in extending to each and every one our very best wishes for a happy and peaceful New Year.

HOME SETTING FOR WEDDING HERE TUESDAY

TRUCKEE MAN SENT TO PRISON BY RENO COURT

RENO— Frank Brown, 42, railroad worker of Truckee, was sentenced in district court for a term of from two to 14 years in Nevada state prison. He entered a plea of guilty to charges of grand larceny.

Brown was charged with theft of camera equipment and an overcoat from a car owned by Jerome L. Rauhawser of Carson City while it was parked on a downtown Reno lot December 9.

When arrested by Auburn police, Brown had more than $1,000 worth of stolen goods in his home. Hearing aid equipment belonging to Mrs. Irene Rowland of Reno, taken from her parked car, was recovered in the haul.

Reno officers said Brown assumed full responsibility for the theft of articles from the cars owned by Rauhawser and Mrs. Rowland. On Brown's confession, two other men who were being held in connection with the case were released.

Fair Named To Deputy Post By Incoming Sheriff

Has Had Wide Experience In Police Work In South

Sheriff-elect Wayne Brown, here this week, announced the appointment of Wesley J. Fair of Truckee as his deputy to succeed Fosten Wilson, who will assume his duties as justice of the peace January 8.

The new deputy has lived in Truckee for the past two years, is married and has one daughter four years of age. He worked here as special officer at Squaw Valley and later engaged in the logging business.

A graduate of the University of Minnesota, Fair has spent the past nine years in police work and special investigations. He worked with the narcotics squads in Orange and Riverside counties and was engaged in police work in Los Angeles.

During the war he was instructor in judo for the army in England and his qualifications mark him as a capable and efficient officer. He has pledged himself to cooperate with other law enforcement agencies here and in surrounding areas.

In making the announcement, Brown said he was selecting Fair on his qualifications and the fact that he was the only potential deputy to contact him personally for interviews since the election. Other deputies in the county will be announced next week, Brown said.

"I plan to devote my full time to the job assigned me," Fair said, "and will render my best services in an impartial manner."

FLORISTON SPAN UNDER SCRUTINY BY OFFICIALS

State Senator Harold Johnson of Roseville was here Tuesday to confer with Supervisor H. G. Loehr relative to a plan to provide a much needed bridge at Floriston. The two went to Floriston to survey the situation and have scheduled a meeting with interested parties for some time in January to further study what can be done.

The bridge at Floriston was washed out in the recent flood leaving the residents there virtually stranded. Loehr indicated a solution may be reached in the January meeting.

SWANEE'S TAHOE LETTER

Lake Tahoe, Dec. 25

Dear Tahoeites—

It's Christmas morning as I write and what strange weather continues in our area. Heavy, damp fog again blankets the entire Lake Tahoe region. For several days we have had fog but yesterday was the first day it failed to dissipate by noon. When the sun has been shining, the days are summer-like. Excepting for very cold nights and early mornings, summer weather could scarcely be nicer. This morning I can see only as far as the shore—a distance of perhaps 100 feet—beyond that, nothing but heavy white mist.

Among families entertaining out-of-town guests over the holiday were the Bud Scotts of Carnelian Bay who have Mrs. Scott's mother, Mrs. Mollie Ross of Los Angeles, with thmem until Tuesday. Mr. and Mrs. Harold Farr of Oakland are visiting her parents, Mr. and Mrs. C. W. Vernon, and her sister, Florence. Mr. and Mrs. G. D. Waters of Tahoe City motored down to San Francisco to spend Christmas with members of their family, the Bud Easons, the Ed Brownstones Jr., and the George Marshalls, at whose home the family dinner was held. Mrs. Lucille Cross was home for the holidays but must return to Peralta Hospital in Oakland for further treatment.

Among all the happiness of the holiday season, there are also a few heartaches. The Floyd and Dick Carnells were deeply saddened Sunday when a large picture appeared in a metropolitan newspaper depicting an American fighting man eating chow somewhere along the long, bitter retreat from the Changjin reservoir to the port of Hungnam. He is clothed in heavy winter togs, his face tired, bitter, worn and dirty, he's barely able to hold the cup of coffee in his mittened hands. They are certain it is their son and brother, Howard Carnell, who is a member of the fighting Marine Corps. To be sure, it looks very much like Howard. The grim look on his face has aged him ten years. War is like that—especially the gruesome, inhuman, unequal battle our boys have been engaged in in Korea. To these poor men Christmas is just another day on which you pray you will find yourself alive at its finish. My heart aches for them all and while it is hard to understand why they must fight in that foreign land so far from home, the least we can do is to pitch in and do our bit. It is the moral and human thing to do. To the Carnells I can only say, there is one slight consolation, if the picture is of Howard, at least he is still among the living and uninjured.

Had a note from Mrs. George Mawdsley, well known at Tahoe, who says she has moved from her San Francisco apartment to reside with an old friend in Oakland.

The John Quinns went home for the holidays but write that little daughter Colleen was christened on December 17. A dinner party followed at the Quinn home in Pineland. Also had a line from the Ray Lewis family who are now living at Brookline, Mass., where Lewis is teaching. He formerly taught art and other subjects in the Tahoe-Truckee high school.

The big Christmas party at the tree in town was a huge success with 134 presents being distributed by Santa Claus who had to resort to a cutter sled and bay horse to bring in his gifts when snow failed to arrive. Constable Johanson made the arrangements and the presents were distributed from a platform beneath the tree as Gerry Waters, who installed the loudspeaker, called the names of the youngsters. The night was bitterly cold but a large crowd was on hand just the same. The cutter was gaily decorated in red and white candy striping and from the Waters' Building beautiful Christmas carols were heard over the loudspeaker. The Bert Watsons were winners of the $20 merchandise order from the Village Store for the most beauti-

Want to correct an error of ommission.....in the Coca-Cola Bottling Co. greeting last week we lost Maury Franzini in the shuffle.....and Maury's greeting was just as sincere as anyone else's so I include it here.....Will Englehart brought me in those bills for a Modern Woodman dance at Hurd's Hall (now the Capitol) in February, 1903.....the seven bills totalled $61.....including $24 for the orchestra.....and Will says those dances ran from early evening until break of day.....Will display these old bills in the Sun window for the perusal of the curious and nostalgic.....Commander Bud Owens reports the American Legion turkey shoot Monday an enjoyable success.....and that more such shoots may be anticipated in Truckee....When my little woman read this column last week she reminded me that "we are six not five".....so from the six of us to all of you, may each day of 1951 be a blessing to you.....Happy New Year!

Summit Scene

by FRAN COUILLARD

We lead off with a birthday party for Tony Donadio which Day and Ernie Tschoop "threw". That party brought to light the fact that many birthdays in this area fall in the terrible time just before Christmas when the honoree must take what is left in the bottom of the bag after Christmas shopping. Peg Travis of Soda Springs Hotel, Bill Kimmerling and "Johnnie Jumper" Horak fall in this category. Peg's party, as usual, was a big success with birthday cake and everything. Kimmerling didn't take time out for a wing ding, for he takes advantage of the Palm Springs climate to work on his Soda Springs house. "Johnnie Jumper's" party invites had to be recalled for little Jump sat on a big hunk of broken glass and, of necessity, must be quiet. The Horak's held their usual employes open house on Christmas Eve and as usual the walls expanded as everyone joined the fun. A wonderful Christmas dinner at Virg and Wanda Miseners' was partaken of after a quick trip into the fog bound valley Christmas Day to wish our family a happy holiday. We remember the Rotary party at Donner Summit Lodge, highlighted with a juicy steak dinner; and the Christmas movie at Ice Lakes. We recall the Santa Claus party at Donner Lake Lodge with Lou Wheeler as assistant Santa. We're sorry we missed the party that Pat gave for Jerry Lewis on his birthday.

We walked into Beacon Hill Lodge Christmas Eve where Elmo Moriano was host to his employes at a very formal candle-lit dinner.

Some mountaineers took off for other places to spend Christmas. Day, Ernie, DeeDee and Smiley Tschopp headed for Napa and San Francisco to divide their time among relatives. Same with the Nordstrum family. The Milton Hogles placed their feet 'neath the groaning board of Max Williamson's Big Bend home while Dennis and Muriel Jones, Parley

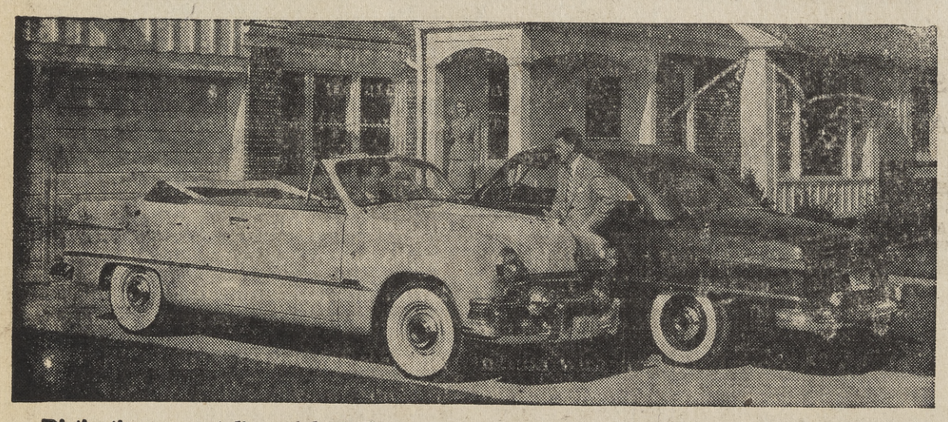
THE NEW '51 FORD!



Distinctive new styling of both front and rear of the new 1951 Fords is shown in this photo of the Convertible and the Custom Club Coupe. The dual-spinner grille and longer, wrap-around bumpers give the front end a wider, more massive appearance and additional chrome and wider tail lights add to the rear end appearance. The 1951 models feature Fordomatic Drive, the new automatic transmission, as optional equipment.

SUMMIT SCENE

(Continued from Page 3)

Merrill and ourselves stretched our tummies at the Misener dinner. Harold and Gloria Steen entertained their folks whilst they tore their place apart to install a new steam table. Barbara and Bud Zorich made their Christmas pilgrimage to Plymouth where Barb's mother prepared the feast. The James Sherritts entertained his sister and brother in law from Oakland. The Ralph Rowtons closed their Soda Springs service long enough to feed their kinfolk who journeyed from various parts of the state. Ditto Glen and Velda Parsons at Trailsyde who barred their great doors long enough to entertain skads of relations.

Gabbed awhile with Robert Martinez who takes a few days off from Camp Roberts to visit Papa Frank and brother Alfred for Christmas. Alfred gets notice that his recent physical was o.k. so it looks as tho Frank will have two of his sons in the service within a couple of months.

Sugar Bowl operators surveyed the premises and announced that "tows are running for the Christmas weekend". Incongruous to watch cars leaving highway 40, ski laden, to drive into the Sugar Bowl to stretch their legs on the patches that are big enough for skiing—and some of them drive out to announce skiing was good! Meanwhile, the east end of Donner Lake froze over enough to give some good ice skating and Ice Lakes also announces its pond is frozen again and the ice strong enough to hold skaters.

Just finished attending a meeting of the new Soda Spring Ski Club. Rules and by-laws approved, rates set, officers established. President Tony Donadio has great plans and with Tony, Carl Buek, who has a son creating national skiing interest, Ernie Tcshopp, whose mantle is filled with trophies won by his two small daughters, Bud Zorich, who gives his time freely to youngsters during the mid-week with his infinite patience in teaching, it looks like a permanent club has been formed on the hill whose main funtion will be "giving the kids a break."

We mention a few kids of the area already ski adept and racing conscious: Marles and Ronnie Olsen of Norden, Chester Petrocchi, Kit Schull, Starr Walton who has left the hill but returns each weekend to ski, Carl Nordstrum, Corty Van Evera, Nancy Pratt, Duffy Merrill, Ted Engle, Nancy Williamson, Bob Chapman. Coming up are such youngsters as Johnnie Horak, Rickey Misener, Rickey Steen, Jimmie and Baby Schull—and ski instructors Edvi Aro, Bud Zorich and Ed Coppell all with small daughters. Time it was we form a ski club whose main object is to encourage the young'uns and happy we are to be on the board of directors.

fully decorated house. Judges included Jay Shontz, Lenora Bartell and Jean Henry. Many local homes and businesses were gaily decorated in keeping with the season.

Dr. Carl Watson of the Reno Ski Club declares he and his friends have been enjoying the Slide Mountain ski area since the last of October and he has never seen finer snow conditions than those which now exist. The area is about a mile above Mt. Rose Bowl on the Mt. Rose Highway, about 20 miles southwest of Reno and about 10 miles from the turn-off on Highway 395. Ski lifts are operating daily at the 8500 foot level on Slide, with three rope tows for beginners. The experts must climb via skis to the top of the mountain for a longer ride. Snow depths range from 6 to 8 feet in higher elevations with 4 to 6 feet on the lower approaches. Snow surface is covered with from 6 to 12 inches of dry powder snow. The roads are open to Sky Tavern, about a mile from the ski area.

Leave you for another week with good luck, good health and may God bless you all in 1951, as ever, Swanee.

LETTERS to the EDITOR

Tahoe City, December 22

Dear Sir:

The people of our community can take great pride in the two programs of sacred Christmas music presented by the Tahoe-Truckee High School recently under the expert direction of Mr. Ernest Douglas.

However, our community has reason for shame due to the lack of support of such a fine project as evidenced by the pitiful attendance at each performance. Many of those connected with and interested in our schools were most conspicuous by their absence.

The few who did attend were richly rewarded in hearing one of the most finished musical programs ever presented in this area.

Sincerely,
Mrs. Martha Burns
Mrs. Diana Warner

GOING-GOING-last call for these bargains!

WE think we ought to warn you—this is the last time we aim to advertise these prices.

So you'd better take a careful look at them—and what they'll buy.

They'll buy the thrill of swift, smooth, spirited travel—and trigger-quick power so mighty that few Buick owners have ever pressed it to the limit.

They'll buy sparkling style, spacious comfort and the durable, dependable, time-tested quality for which Buicks are famous.

And when you check what you get for what you pay, you'll make this discovery.

On a pounds-per-dollar basis—which is the engineers' yardstick of bedrock value—no other cars of comparable dimensions can beat a Buick SPECIAL, SUPER or ROADMASTER.

Or to be more specific—Buick's straight-eight SPECIAL is priced like a six—and in the ROADMASTER "price class" you can pay 23% or more than you'll pay for these great automobiles.

But note this fact: Our supply of these bargains is limited—so you'd better come in now and see what we have on hand.

North Tahoe

by T. BURROUGHS

A good facsimile of a United Nations gathering had its setting at north Lake Tahoe with 19 nations represented by a group of 31 students from University of California and Stanford Wednesday for three days. The Burroughs had the honor of arranging accommodations for this group. On Thursday evening the Rotary Club of Tahoe City and the AAUW entertain the group with dinner at Tahoe Inn. During the day Thursday some of the group found interest in a trip to Carson City while others roamed the woods picking out trails to higher hills. Folk dancing in the lounge at The Burroughs was the theme Wednesday evening. On Friday morning a ride on Squaw Valley's sky chair lift concludes the program.

Dorothy O'Brien was happy to have daughter Barbara, with her husband since last September, Bud Larson, home for Christmas dinner. Both Borues were here; Mignon and Ray Gallop joined the party with their 11 months old daughter Cherrie. It was a wonderful home gathering which ended with a canasta game at the Dave Hall home. Barbara is going to school in Berkeley while Bud is employed in San Francisco.

The Dick Boyces are hosting Mrs. Ann Woodland and a couple of her friends up for the holidays.

By long distance Wednesday evening we learned that as of Thursday we were to be honored with a year-end visit by our son, Preston, his wife and their little daughter Sheridan, and our daughter, Pauline, her husband, Marsahll, and their three-year-old daughter, Nancy, and four of their friends. This plus sixty-one guests coming in on reservation Friday should make for a lively going out of 1950 and a hearty welcome for the New Year at The Burroughs.

North Tahoe is alive with the usual year-end open house hospitality. A good way to bid an old year farewell.

Cal-Neva is scheduled to o e Friday nigth with a gay crowd There will be celebrities from Hollywood and much good entertainment.

Tahoe Man Fined For Shooting Dogs

TAHOE CITY— H. M. Markland paid a fine of $75 before Justice of the Peace C. W. Vernon Friday after being convicted of shooting several dogs with an air rifle which he had borrowed for the purpose.

Markland said he was annoyed by the dogs which came to his place after he tied his dog outside. He told the court he fired the shots only to frighten the animals away and was not aware that it was loaded with lead pellets.

Visit Children—
Christmas holiday guests of their children, Mr. and Mrs. Wayne Philippi, were Mrs. Elmay Lawrence and Mrs. Amanda Philippi, both of Portland, Oregon.

In San Francisco—
Ernest DeLisle is visiting in San Francisco this week.

Former Residents Here—
Mr. and Mrs. James Welsh and family, formerly of Truckee where Welsh was principal at the elementary school, are visiting here with the Earl Brown family and other friends.

San Jose Visitors—
Mr. and Mrs. Joe White of Tahoma were San Jose business visitors last week, returning home on Christmas eve.

Nevada City Guests—
Mr. and Mrs. Floyd Everett and Mr. and Mrs. Vern Shattuck were holiday visitors in Nevada City.

Greeting from Valentines—
Mr. and Mrs. C. O. Valentine of Costa Mesa sent best wishes for 1951 to their friends at Lake Tahoe and Truckee, with the concluding thought that "It looks like we'll need all we can get."

Kamps to Seattle—
Mr. and Mrs. George F. Kamp went to Seattle, Wash., last week end to return with her mother.

Hellers in Capital—
Mr. and Mrs. Charles Heller were guests of Mr. and Mrs. Fred Hennigan and daughter Judy in Sacramento Christmas Day.

St. Louis Cafe Host At Christmas Feast

George Carter of the St. Louis Cafe said Merry Christmas to nearly 100 patrons and friends Christmas Day by providing full course turkey dinners prepared by Chef Earl Brown free of cost. A number of people who would otherwise have gone wthout the holiday repast were guests of the management.

Two From Truckee In Call to Service

John T. Rablin and John Allochis of Truckee were two of the seven men inducted into the army at Sacramento Friday from Sierra and Nevada Counties, according to Mrs. Dorothy Stevens, clerk of the bi-county selective service board.

Twenty men will be called from the two counties on January 9.
